PROFILE

I'm a Software Engineer who is passionate about generating ideas and bringing them to life. Most recently, I Co-Created Tailslide, An open-source feature flag framework for easier code deployment with automated failure protection. Prior to architecting in the virtual realm, I was a designer of the physically built environment.

PROFESSIONAL EXPERIENCE

Co-Creator/Software Engineer, Tailslide

June 2022 – September 2022 | NYC

An open-source feature flag framework for easier code deployment with automated failure protection.

- Collaborated daily with a small team of engineers across two different countries (USA & CA)
- Prototyped a communication system using NATS JetStream (JavaScript, Golang)
- Wrote documentation for Tailslide components
- Built an Application for managing feature flags (JavaScript, Express, PostgreSQL, React, Redux)
- Developed a library used to integrate Tailslide into user microservices (JavaScript)
- Worked on a node application used to implement circuit breaking functionality into Tailslide (JavaScript, Redis Timeseries Database)
- Authored Tailslide's case study: https://tailslide.webflow.io/
- Produced a video presentation on Tailslide (add link)

Senior Production Coordinator/Architectural Staff,

February 2019 – June 2021 | NYC

Ware Malcomb

- Served as the BIM Lead for NYC Architecture team (provided training on computer programs used)
- Selected to be part of a company-wide Innovation focus group centered around using the pyRevit API to automate Revit Workflows (brainstorming phase)
- Used programs such as Revit, AutoCad, and Adobe Illustrator/Photoshop to create Architectural Documents

SKILLS		
Back-End	Front-End	Tooling
Node.js, Express, PostgreSQL,	JavaScript, HTML/CSS,	Git/Github, NATS, DigitalOcean
RESTful API Design	React/Redux	droplets, AWS cloud9/EC2, Heroku

EDUCATION

Software Engineering, Launch School

August 2020 – August 2022 | Remote

A mastery-based program focused on Software Engineering Fundamentals and Full-Stack Web Development

developed web applications with technologies such as JavaScript, Node, PostgreSQL, HTML & CSS

Master of Architcture, Minor in Urban Planning,

2010 – 2016 | Manhattan, KS

Kansas State University
